

# Skip Counting in Threes

Accompanying activity sheets for video lesson

Activity sheet 1: Skip counting in threes. The caterpillar's body is a vertical line of 6 rounded rectangles. The numbers 3, 12, and 15 are written in red inside the first, fourth, and fifth segments respectively. To the right of the caterpillar are three zig-zag paths of rounded rectangles. The first path has 5 segments with numbers 27, 42, and 51. The second path has 5 segments with numbers 78 and 90. The third path has 5 empty segments.

Activity sheet 2: Skip counting in threes. The caterpillar's body is a vertical line of 6 rounded rectangles. The numbers 3, 6, 12, and 15 are written in red inside the first, second, fourth, and fifth segments respectively. To the right of the caterpillar are three zig-zag paths of rounded rectangles. The first path has 5 segments with numbers 30, 33, 36, 42, and 45. The second path has 5 segments with numbers 60, 63, 66, 72, and 75. The third path has 5 segments with numbers 81, 84, and 90.
