

## Units of Length

For each of the following, decide if you would measure them in **millimetres** (mm), **centimetres** (cm), **metres** (m) or **kilometres** (km).

a) The height of a man.

\_\_\_\_\_

b) The length of a pencil.

\_\_\_\_\_

c) The distance from London to Edinburgh.

\_\_\_\_\_

d) The height of a school.

\_\_\_\_\_

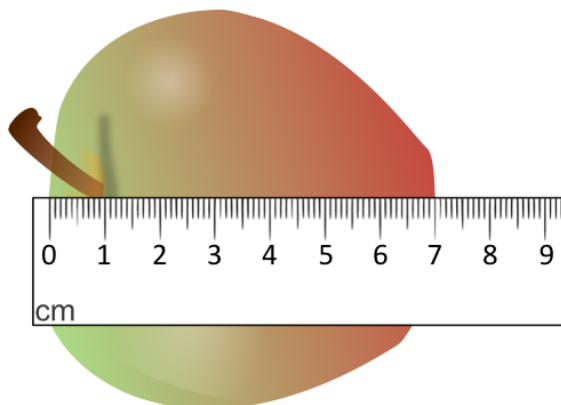

e) The length of a blueberry.

\_\_\_\_\_

f) The length of a tennis court.

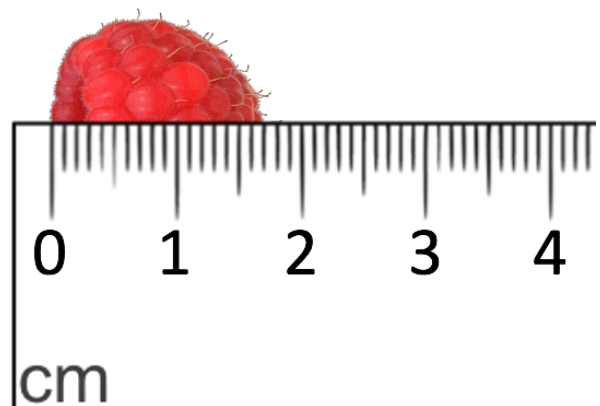

\_\_\_\_\_

g) Measure the length of the apple in centimetres (cm).

\_\_\_\_\_

h) Measure the length of the raspberry in millimetres (mm).
