

Drawing a Straight-Line Graph from an Equation

Complete the table using the equation and then draw the straight line on the graph.

a) $y = 2x + 2$

| x | 0 | 1 | 2 | 3 | 4 |
|-----|---|---|---|---|---|
| y | | | | | |

Working out:

b) $y = 3x - 3$

| | | | | | |
|-----|--|--|--|--|--|
| x | | | | | |
| y | | | | | |

Working out:
